

CareOregon Advantage Plus Maintenance Drug List

Effective 01/01/2023

Maintenance drugs are prescription drugs that are used to treat chronic or long-term conditions that require regular, daily use of medicines. Examples of maintenance drugs include drugs to treat high blood pressure, diabetes, heart disease and asthma.

Maintenance drugs can be filled at retail pharmacies or mail order for up to a three-month supply. You can save time by taking less trips to the pharmacy. Ask your prescriber to write your prescriptions for a 90-day supply.

Below you will find a list of covered maintenance drugs. Please note that this list is not all inclusive, does not guarantee coverage, and is subject to change. Additional restrictions may apply and can be found in our Formulary (List of Covered Drugs).

If you have questions about your prescription benefits, please contact CareOregon Advantage Customer Service at 503-416-4279, toll-free 888-712-3258 or, for TTY users, 711. Our hours are October 1 – March 31, 8 a.m. to 8 p.m., seven days a week, April 1 – September 30: 8 a.m. to 8 p.m., Monday through Friday.
